ANNUAL REPORT

CONCORD

1941

At the regular Town Meeting of 1940 the townspeople authorized the Selectmen to purchase a plot of ground and erect a Library building thereon. The spot chosen was ideal as it is centrally located on Main Street.

Besides housing the Library, it includes a Town Clerk's office, both on the same floor. A concrete vault was also constructed within the building for preservation of Town records. The basement is occupied by the Village Fire Department, which is an asset to the town.

Without the cooperation of the people of Concord this project would not have been possible.

CONCORD TOWN REPORT

Improvements and Recommendations

Our aims and objectives are the same this year as last and can be reviewed by turning to last year's report.

Through the splendid co-operation of all school officials and teachers a majority of the recommendations made last year have been carried out. Manual training has been installed in the High School so that the boys as well as the girls may have vocational education.

Woodworking tools have been purchased for handwork in the Brook and East Concord schools.

All the schools provide hot lunches for the children through the generosity of the town to supply equipment, the Surplus Commodities to supply food, and the co-operation of the teachers, parents and W. P. A. workers to prepare and serve it.

A good start has been made in the study of music this year. We hope to introduce both music appreciation and instrumental music soon. The worth of music soon shows up in the home and church thru the happiness and pleasure it gives to others as well as those participating.

In many cases the school buildings have been improved. The Brook school has a kitchenette. The East Concord school floors have all been sealed instead of oiled. The coal bin has been utilized for a work room, and a small kitchenette built in a corner of the gymnasium.

In view of the fact that hot lunches have probably come to stay we will need to consider a larger place to prepare the food. The boiler room has possibilities because of its good size, light and warmth.

The intermediate room in Concord has been greatly improved by the new coat of paint and worktop height shelves for the activity material.

The boys as well as the girls now have opportunity at the Judevine Memorial High for vocational guidance and vocational training. If our school population keeps on increasing and we are to offer courses in education that compete with other high schools of this size we must consider seriously the recommendations made by our principal for enlarging the school building.

The federal government is making liberal offers to towns who co-operate in educating the Out-of-school youth in such fields as Auto mechanics, Wood working, Metal work, and Electricity.

CONCORD TOWN REPORT

The government is also willing to pay all expenses in connection with these courses, and even buy additional shop equipment which will be given over to the school after this defense training is over. In order to take advantage of these offers we must have suitable quarters. Discuss these problems freely and give your school directors support in matters that call for your co-operation and vote.

The following is quoted from a recent letter received from Our Commissioner of Education, Ralph Noble.

TO THE CITIZENS OF CONCORD:

The State Department of Education has forwarded to your Town Treasurer the sum of \$4,349.45 in state aid for the School year ending June 30, 1940.

The purpose of our system of state aid is to help equalize educational opportunities for our children in all parts of Vermont and to assist schools in reaching and keeping up to the minimum qualifications of good current practice in education.

Preferential purposes for the local expenditure of state aid include rural teachers' salaries, advanced instruction, transportation and supervision, as well as the improvement of school buildings and vocational education.

Very sincerely yours,

Ralph E. Noble,

Commissioner of Education.

Respectfully submitted,

Harry A. Keniston, Supt.

HARRY CURRIER,

FRANCIS LILICRAP,

RALPH BRIGGS,

School Directors.

The past year has been both a busy and trying one for the Library, endeavoring to meet the demands of schools and the public with our small collection of books.

CONCORD TOWN REPORT

A new and attractive building has been erected and was opened to the public on July 31, with 101 visitors.

There are now approximately 1200 books on the shelves.

The Trustees have purchased a complete set of Americana Encyclopedia, also we have received gifts from Waterford Public Library, Riverside Church Library, Regional Library, Athenaeum, Beta Sigma Phi Society, Carnegie Endowment Fund and many friends. To all we are most grateful.

We have 22 magazines and papers regularly. Several of these are gifts.

175 books have been borrowed from the Regional Library and Athenaeum.

On November 13 Book Week was observed with about 60 in attendance. A short play and motion picture were presented by the children of J. M. S. Primary room under the direction of the teacher, Mrs. Alice McGinnis, and Miss Eleanor Saunders conducted a story hour.

From Feb. 1, 1940 to Feb. 1, 1941 4670 books and magazines have been in circulation.

Respectfully submitted,

Lilla C. Hastings,

Librarian

CONCORD TOWN REPORT

CONCORD OF TODAY

Population of Town 921

Road mileage 81.33 miles

Concord village is located on Route U. S. 2, eight miles east of the junction of U. S. 5 and U. S. 2 at St. Johnsbury. It is served by the following public utilities:—the Maine Central R. R., Twin State Gas & Electric Company, and the New England Telephone Company.

The largest business in the town at present is the creamery in Concord Village, operated by the New England Dairies. The chief products are cream, milk, butter, skim milk and skim milk powder.

Besides the creamery there are four grocery stores, a grain store, drug store, garage and sawmill.

There is a sawmill and general store located at North Concord. There is one store at Miles Pond and three at East Concord.

The fraternal orders include the Masons, Order of the Eastern Star, I. O. O. F., Rebekahs, Women's Relief Corps, Grange, and Modern Woodmen of America. There is also an active Parent-Teacher Association in Concord Village while another one has recently been organized in East Concord.

Quite an extensive summer business is developing around Miles Pond where there are now about fifty cottages; at Shadow Lake where there are thirteen more cottages; and at Concord Corner, where Robert Frost, the poet, has a summer house. In the spring of 1940 Shadow Lake Rest at Concord Corner was completely destroyed by fire. At present a new and more modern building is being constructed and will be open for business in 1941.

The town maintains graded schools at East Concord (three rooms), Texas district, North Concord, Brook district, and in Concord Village.

The Essex County Grammar School funds were transferred by act of legislature, from Concord Corner to the Village school soon after the opening of the Judevine Memorial School, built during the summer of 1899. After maintaining the Concord Academy for a few years, a Junior High School was started the fall of 1916 which became a Junior-Senior High School by vote of the town in 1922.

CONCORD TOWN REPORT

Services are maintained in three churches in town: Universalist and Episcopal in Concord Village and Methodist Episcopal in East Concord.

In September, 1940, the Village of Concord purchased a modern fire truck, with a 500 gallon pumping capacity, which is available to the town. A volunteer department of eighteen members has been formed.

In 1936 the Concord Public Health Nursing Unit, under the Maternal and Child Health Division of the Vermont Department of Public Health, was established. This unit includes the towns of Concord, Lunenburg and Granby. It was the second unit to be established in Vermont. Concord appropriated \$200.00 to this project in 1940.

CONCORD TOWN REPORT

REPORT OF THE PUBLIC HEALTH NURSE

The following report is given for the period from January 1 through December 31, 1940:

Home Nursing Visits:

Maternity: 110 visits to expectant and new mothers.

Deliveries attended: Assisted the physician at 6 home deliveries.

Bedside Nursing Care: 35 visits to give some form of nursing service.

Infant and Pre-school Medical Conferences:

47 children from infancy to school age were given a medical examination.

38 children were given a dental examination.

17 children were immunized against diphtheria.

6 children were vaccinated against smallpox.

5 children were given the Schick Test to determine their immunity against diphtheria.

A Nutritional Consultant was present to advise the mothers concerning dietary problems.

School Service:

132 children were examined by local physician.

24 children were immunized against diphtheria.

37 children were vaccinated against smallpox.

Respectfully submitted,

Margaret M. Miles, R. N.

Public Health Nurse
